Terminology

Funding level The average of the funding levels per grant. (Rejected proposals are excluded in this calculation.) The funding level is the percentage of the requested amount that has been approved.

Evaluated proposal Submitted proposal that has been fully evaluated, that is: no formal non-considerations, no substantive non-considerations, no informally put on file proposals (e.g. duplicated submissions), no withdrawals before ruling.

Formal non-consideration Proposal with formal deficiencies.

Funding rate The share of the total requested amount (incl. rejected proposals) that has been granted. Total granted amount divided by total requested amount.

Grant Approved evaluated proposal.

Requested/granted annual spending level Total requested/granted amount divided by the requested/granted project duration (in years). Is computed per proposal/grant.

SSH Social Sciences and Humanities

Substantive non-consideration Proposal with obvious scientific deficiencies.

Success rate Number of grants divided by number of evaluated proposals.
